

# Consultation on draft guidance for the Architects Code of Conduct

## Tranche three - April 2026

### List of consultation questions

A list of the consultation questions on our proposals is below. Please submit your response through [our consultation platform](#) so that we can analyse it fully.

#### Building safety

- To what extent do you agree with the content of the guidance on building safety?
- Is there anything you would change or add to the guidance on building safety?
- The building safety guidance document has a section with links to further information that is relevant to the guidance. Are there any other additional resources that we should include within this section?

#### Sustainability

- To what extent do you agree with the content of the guidance on sustainability?
- Is there anything you would change or add to the guidance on sustainability?
- The sustainability guidance document has a section with links to further information that is relevant to the guidance. Are there any other additional resources that we should include within this section?

#### Leadership

- To what extent do you agree with the content of the guidance on leadership?
- Is there anything you would change or add to the guidance on leadership?

- We want to include some examples of scenarios in our leadership guidance. These would help architects understand how they might apply the guidance in practice. Are there any examples of scenarios that would be useful for us to include in the guidance?
- The leadership guidance document has a section with links to further information that is relevant to the guidance. Are there any other additional resources that we should include within this section?

## **Equality, diversity and inclusion**

- To what extent do you agree with the content of the guidance on EDI?
- Is there anything you would change or add to the guidance on EDI?
- We want to include some examples of scenarios in our EDI guidance. These would help architects understand how they might apply the guidance in practice. Are there any examples of scenarios that would be useful for us to include in the guidance?
- The EDI guidance document has a section with links to further information that is relevant to the guidance. Are there any other additional resources that we should include within this section?

## **Mentoring**

- To what extent do you agree with the content of the guidance on mentoring?
- Is there anything you would change or add to the guidance on mentoring?
- We want to include some examples of scenarios in our mentoring guidance. These would help architects understand how they might apply the guidance in practice. Are there any examples of scenarios that would be useful for us to include in the guidance?
- The mentoring guidance document has a section with links to further information that is relevant to the guidance. Are there any other additional resources that we should include within this section?

## **Other**

- Is there anything further you would like to tell us in relation to this consultation?
